[REDACTED] LIAISON Called Wheaton Byers, PFIAB, back and informed him that the Hoover Report he inquired about was a NSC document and included a classified annex. The unclassified portion is available at the Library of Congress. The classified portion is in the custody of the NSC and further information about its availability could be obtained from Dick Ober. Agency records do not reflect that the classified portion was released to the House or Senate Select Committees. Mr. Byers was most appreciative of the information and he will look elsewhere for the report. Apparently, he had gotten the request from Representative Les Aspin (D., Wis.).
